Wood modification in 'countryname'

First Author¹, Second Author², Third Author³

¹ Address of first author, including country, affiliation, and email address

² Same for second author

³ Same for subsequent authors

Keywords: please provide a maximum number of 5 keywords here

Introduction

The paper should be sent to Giacomo.goli@unifi.it no later than February the 11th. Please respect this deadline. Add the body text here with a general introduction on the situation of the country. If possible, please prepare your manuscript using 'MS Word' word processing software. The document should be saved under the first authors name, for example Jones.docx or Smith et al.doc. It can be saved either as doc or docx format. All pictures, tables, and figures should be embedded in the text and centred. Multiple figures should be inside tables. Top and margin is 3.5 cm, bottom margin and left margins are 3 cm, and the right margin is 2.5 cm. Do not place any text outside of this area. *Do not include page numbers*, they will be added later. Do not include headers and footers. The paper (regardless on the type of presentation) can be two pages long (including references). Please do not exceed these page limits.

All manuscripts should be in English. Metric units (SI) should be used. The point (.) should be used as decimal separator. Should the authors use tables or figures from other publications, it is assumed that permission has been obtained to do so.

Modification technologies and production volumes

Table 1 should be filled for every country.

Table 1: Wood modification technologies, producers, companies and production volumes

Wood modification technology	Producer, process short description and website	Annual volumes produced and companies involved in the process

This sections should be followed by practical examples.

Practical examples

Please add here practical examples.

Figures should be referred to in text as Fig. 1, the same for tables, and should be presented as part of the text. A descriptive title should be given below the figures and above the tables in Calibri 10 pt.

COST is supported by the
EU Framework Programme
Horizon 2020
